

Fixed Skimmer Installation Questionnaire

In order to offer the most appropriate skimmer solution, please complete the following;

Pond / Tank surface area: _____

Open or closed tank: _____

Dimension A: Max _____ Min _____

Constant or fluctuating effluent level: _____

Dimension B: _____

Dimension C: _____

Dimension D: _____

Dimension E: _____

Site Conditions

Air available: _____ psi _____ cfm

Air quality: _____

Power available: _____ V _____ HZ _____ Phase

Standard of motor enclosure: _____

Anticipated use: _____ Hours / Day

Volume of oil to be recovered: _____ / Day

Oil type: _____

Fresh or salt water: _____

Oil viscosity at water temp: _____ Cst

Air temperature: _____ c

Effluent temperature: _____ c

Chemicals / Acids present in effluent: _____

Effluent Ph: _____

Water velocity: _____

Are waves present?: _____

Is the water turbulent: _____

Debris present? / describe: _____
